Library Instruction

Librarians' presentations to your students can be in the Library's

- Introduction to the Neil Hellman Library's resources and services
- Techniques for getting the most out of All-Knight Search
- How to find books and e-books
- Database search techniques
- How and why to find scholarly, peer-reviewed research
- How and why to distinguish primary from secondary research
- Copyright, plagiarism, and finding & using materials in the public domain
- Interlibrary Loan and our Scan4U service
